AI in Healthcare:
Elevating Institutions,
Transforming Medicine

NEJM AI │ A Journal from NEJM Group available on both Ovid® and ai.nejm.org!

NEJM AI is available to institutional subscribers via Ovid and https://ai.nejm.org, a groundbreaking journal from NEJM Group. It's a vital resource for clinicians, researchers, and healthcare leaders, showcasing the revolutionary role of AI and machine learning in medicine. *NEJM AI* offers high-quality, evidence-based content on diverse AI healthcare applications, from diagnostics to predictive analytics and personalized medicine.

An institutional subscription to NEJM AI positions you at the forefront of developing a strong evidence base for clinical AI and encourages vital discussions on these emerging technologies. This commitment reflects your institutions dedication to enhancing clinical care, research, and education with premier resources.

> *"We're going to be the journal of record for what works and what doesn't work in medical AI."*
> – Andrew L. Beam, PhD, Deputy Editor
